Earn incentives in 2023 when you improve Enhanced Care Management (ECM) outreach and reporting.

Dear <Title>. <Last Name> or Administrator:

For 2023 Health Net*, on behalf of CalViva Health, through the ECM Provider Incentive (EPI), will continue to recognize and reward ECM providers who demonstrate effective and timely outreach, and report regularly on members enrolled into the program and on the completion of member assessments¹. Also, we are rewarding providers for improvement in members' care through metrics focused on referral, quality, and decreasing avoidable visits.

Payments earned from EPI are separate from other contractual arrangements

Payments earned from EPI are not tied to:

- Any direct *Provider Participation Agreement (PPA)* with Health Net and CalViva Health, or
- Your agreement as a subcontractor with a participating physician group (PPG) or medical group.

EPI will continue to align with state requirements around the ECM benefit and program. The program will incentivize based on year-over-year improvement in outreach to, and management of, ECM-eligible members and not individual services rendered.

Health Net is offering the incentives as add-on payments to Health Net and CalViva Health's Medi-Cal ECM providers who meet the participation rules beginning on page 3.

CalViva Health is a licensed health plan in California that provides services to Medi-Cal enrollees in Fresno, Kings and Madera counties. CalViva Health contracts with Health Net Community Solutions, Inc. to provide and arrange for network services.

*Health Net Community Solutions, Inc. is a subsidiary of Health Net, LLC and Centene Corporation. Health Net is a registered service mark of Health Net, LLC. All other identified trademarks/service marks remain the property of their respective companies. All rights reserved.
